

We recognize that parents may initially hesitate to send their children back to school on Monday.

- Parents who wish to keep their children at home should seek approval from the school. Submit a formal request to the Section Principal and a carbon copy to the Homeroom Teacher, with a valid reason to keep the child at home. Note that approval will be given week by week. To continue for the next week, please wait for further instruction.
- If the request is approved, the parent/student will be responsible for monitoring daily work requirements, access information electronically (Google Classroom), and completing the requirements on time.

Please take note and thank you for your cooperation.

Sincerely,

Prachack Jitbunyand
EIS Director
