Camping Trails.....	13-14
A Christmas Carol.....	15-16
Champion's Spotlight.....	17-18

A JOLLY VACATION

If you could go anywhere in the world, where would you go? What would you bring and who would you bring?

“I would go to Japan with my Dad and bring a car.”

-Leo Pasutanon 4A

Leo Pasutanon is currently in the fourth grade and just can't wait for the Christmas holidays to arrive. He is planning on going to Hua Hin with his family in the holidays. Although he adores all types of Christmas songs, his all time favorite is the popular Snowman by the Australian singer and songwriter Sia. For his annual Christmas tradition, he spends his time with his family decorating the Christmas tree and opening the presents brought by Santa. He also hopes to get a toy airplane for Christmas.

-Iris Pasutanon

Although Phitlaphat is not going anywhere for the Christmas holidays, she is quite excited to follow her Christmas traditions with her family. This follows hanging up stockings, decorating her Christmas tree and listening to all her favorite seasonal songs such as Jingle Bells. She also can't wait to open all her Christmas gifts and wishes to get a dog from Santa.

-Tanya Suteesukprasert

Phitlaphat Chansinghakul from class 4D

For the Christmas holidays, Ahreetach will be spending his time in Japan with his family. He will be visiting Pokémon Center Mega Tokyo and hopes to expand his Pokémon collection. His Christmas traditions also follow decorating the Christmas tree and giving gifts as well as listening to his all time favorite Christmas song, Jingle Bells.

DIGGING *into* THE WORLD OF READING

OCTOBER 24-27, 2023

The Book Fair is a great event and opportunity for students to enrich their knowledge. This year, the school's event has been privileged enough to be visited by popular book chains such as Asia Books and Kinokuniya. Interest from elementary students is a great way to encourage students to step into the world of literature.

Reading is advantageous, especially when developing young minds.

According to the Children Bureau of Southern California, reading from an early age can increase creativity, imagination, improved language skills, as well as supported cognitive development. Students of all ages are encouraged to visit the Book Fair.

-Tanya Suteesukprasert

Your word is a
lamp for my feet,
a light on my
path.

Psalms 119:105

IMPORTANCE OF READING

Research has shown that reading has the ability to help develop the brains of children, developing their language skills and vocabulary. Researchers have also found that reading aids with their sleep and increases their brain connectivity.

AT SCHOOL CINEMA

JUNIOR FILM SHOW

A day full of food, excitement, and joy. The Junior Film Show is a fundraising event organized by the eleventh graders to raise money for the school's future and upcoming events. On this day, movies are shown throughout the day along with the sales of food and drinks. Students especially enjoyed the flavorful and delicious Mama and popcorn. The juniors prepared the 2023 movie called Elemental which follows a fiery young woman and a go-with-the-flow guy, surviving in the city full of elements and their friendship for the elementary section.

ELEMENTAL

NOW SHOWING

ABOUT THE FILM

Released on the June 23rd, 2023 by Walt Disney Motion pictures, Elemental gained over 200 million dollars in profit. The movie expresses themes of love and equality through beautifully animated characters. This was made possible because of the talented staff behind the film, such as Peter Sohn the director of the film who had worked on several other of Disney's iconic movies, such as Ratatouille and Monster Inc.

RECREATING TALES

On this fun day, children grades 1 to 8 have the opportunity to dress up as their favorite characters from all their favorite books. Teachers and students get to see different characters that they love come to life, from famous movie characters to game characters. Students participating in this event will get to experience a mind opening world of fictional characters.

Despite the limited time of the event, the main goal for the participants is to have fun and spread the love for books and creative imagination. The event is a time for students to show their creativity and share their fondness over interests. After all, the most important thing of this event is to enjoy it!

COSTUME SPOTLIGHT

For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith.

1 John 5:4

CAMPING.....TRAILS

GRADE 4 CAMPING

A Great
Day to be a...?
4th GRADER!!

"Camping was so
fun!" -Prem

"The zipline was so fun.
I wish I could go on
there once again." - Leo

"The swimming part was
my favorite." - Krispat

"The trust fall really
gives me faith in the
people I know." - Tanya

For the first time in their lives, the fourth grade students have the opportunity to go to the long anticipated Adventurer camp with their beloved friends and teachers. They will be staying for two whole days in Prathum Thani at the the Pine Resort, a local resort famous for its adventurous activities.

Although the students only had two days at the resort, the organizers did not hesitate to pack the two days with fun activities. The Tarzan, a zipline like contraption quickly became the students' favorite activity. Other very enjoyed activities included swimming, wall climbing and the sky staircase. Though what became the most memorable to the students, was the time they spent with their friends such as sitting around a campfire, singing songs and learning how to truly trust one another.

A CHRISTMAS CAROL

The most beloved time of the year has finally arrived, although there may not be snow around the corner to show it, the school definitely has its own way to define the holiday season. That is of course with the annual Christmas concert prepared by the music department.

This year's concert was all about the different melodies that truly remind us of the holidays. The music teachers prepared iconic songs such as silent night, Santa Claus is coming to Town and Joy to the World for the students to sing. The elementary string ensemble also had the opportunity to play Good King Wenceslas and Deck the Halls. All the students and parents found the concert to be very amusing and just can't wait for next year's concert.

"For God so loved the world, that He gave His only Son, that whoever believes in Him should not perish but have eternal life."

John 3:16

-Iris Pasutanon

CHRISTMAS

MELODIES

CHAMPION'S SPOTLIGHT

Warissara Rujataronjai

4D

Warissara, a fourth grader swimming prodigy has won more than three different awards in her young swimming career. Although she started her swimming career at a very young age, she hasn't let that affect her academic life in any way, shape or form as she currently is maintaining a 3.77 GPA.

She absolutely adores swimming, not only loving it as a sport but believing that it is a part of her. Swimming is very fun for her and she isn't planning on quitting any time soon. Though if she did one day have to quit, she would choose gymnastics as her second option to pursue.

-Iris Pasutanon

“ I love swimming, it is like a breath of fresh air. ”

”

Prem Pamadilok is a part of the school's basketball team and has been playing for as long as he can remember. Even though he is only 9 years of age, he has already brought home several gold medals and awards with the help of his team mates. Prem enjoys playing basketball a lot and plans to even play professionally one day.

“ I love basketball, not only is it fun but it is also my passion. ”

Prem Pamadilok 4E

Although being a basketball player comes with multiple responsibilities, he is still able to maintain a grade point average as high as 3.95. Another sport he absolutely adores is football and he actually claims to be just as good in football as in basketball. He also hopes his passion for sports can one day inspire other children of his age to follow what they love to do and most importantly have fun with.
